Hi, I'm Reynolds Bidez, founder, and owner of Bidez Financial Group. Thank you for taking the time to visit my page and for the opportunity to serve you and your family. Let me tell you a little bit about myself. I was born in Charlotte N.C. but moved to the suburbs of Atlanta before I was ever walking. Growing up I was very active, playing basketball, baseball, soccer, and even running a little track. After graduating from Lithia Springs High School, my dad helped me to get a job sorting packages for a huge industrial supply company off Fulton Industrial Blvd. I spent the next 17 years working in that sector for 2 different companies, Fastenal and McMaster-Carr.

During my time with these companies, I worked in several departments and held many different upper management positions. This time was invaluable as I learned many skills that I still use today. One of the greatest things I learned is that I had a knack for helping people. While being a department lead, I found the most fulfillment in helping others solve problems that made their jobs easier. Because of this, when I went looking for a new career, I knew I wanted to find an opportunity to help people solve problems. My greatest goal was to make life easier for people. Another great lesson I learned was that building strong relationships was crucial in anything I endeavored to do.

Therefore, at Bidez Financial Group, our mission is to build a strong relationship with each of our customers. We want to make servicing your insurance and financial planning needs as easy as possible. We understand that some of the choices and decisions surrounding Medicare, Life Insurance, and other Financial Services can be difficult and even confusing. In many cases, people will never even meet face to face with the person helping them make such important life decisions. This is not what you experience with Bidez. This philosophy also drives our belief in the advantages of working with local business owners. There's just nothing that can compete with local service.

My promise to you is that given the opportunity, I'll value your needs just like they were my own. You have my word that, as my client, I'll be there for you when you need me. When I say, "Call me if you need me", I mean it. As a resident in Villa Rica Ga., we may use the same grocery stores and gas stations. We may eat at the same restaurants. Our kids or grandkids may go to the same schools. With that said, I want to make sure we take care of you as if you were a part of our family; the Bidez Financial Group Family. Contact us today and tell us how we can be of service to you.

Sincerely,
Reynolds Bidez
